SHRI SADGURU SEVA SANGH TRUST (SSSST) MADHYA PRADESH
CASE STUDY

OVERVIEW

Shri Sadguru Seva Sangh Trust (SSSST) is the largest NGO in the field of Eradication of Blindness. The Trust has State-of- the-art Eye Hospitals with world class infrastructure and latest equipments & modernized facilities having specialty departments in rural locations to provide High Quality, High Quantity, Low-cost sustainable Comprehensive Eye Care services.
SADGURU NETRA CHIKITSALAYA (SNC) at Chitrakoot, District Satna, (M.P) with over 2000 bed hospital in a 250-acre campus.
SADGURU SANKALP NETRA CHIKITSALAYA (SSNC) at Anandpur, District Vidisha, (M.P.) with a 250-bed hospital in a 62-acre campus.

In hospitals and healthcare facilities, video surveillance is an effective tool not only for increasing security, but also for controlling costs. Surveillance cameras can work to protect hospital employees' guests and patients from security breaches, and provide valuable visual evidence that can be used to increase productivity and prevent dishonest claims. IP video technology is providing hospitals with added flexibility in their video surveillance installations, while offering benefits such as remote video monitoring and more effective storage capabilities.
